S. O. Sproul Will Quit At Term's End

Thirty-two years as Tax Collector of Palm Beach county will be enough for the present tax collector, Stetson O. Sproul and he has made it known that he will not seek re-election in 1968. He was elected originally in 1936 and has had opposition twice during his more than three decades in office.

Sproul went to West Palm Beach in 1900 from DeLand where he was born and where Stetson University gave him his name. He was opposed in the 1960 Democratic primary and in 1964 by a Republican.

Collector Sproul has made for Palm Beach county one of the finest public servants ever to enter the political arena. He has been a working tax collector and visitors in his office never found him resting in a swivel chair but working. And work he has for the many, many years that he has been in office. His successor in 1969 will have a big pair of shoes to fill to render as much public service as has Stetson Sproul.

Cosch Graves is hoping that Harlid Peacock, who this past year was in Northeast Oklahoma Junior College, will become a Gator when he completes his junior college work in December.

Cosch Bill Burke of Belle Glade and Coach Web Pell of Pahokee conferred with the visiting coach during his visit in Pahokee.

Irrigate for Profit ...ELECTRICALLY!

A few weeks before the severe drouth ended in the spring of 1965, the Lattof Grove installed an irrigation system operated by electric pumps.

"The old trees were suffering severely and it was interesting to see how they responded to water," says Mr. Hughes. "Also, the new trees are given doses of water on sandy areas when we get a series of drying days."

Now— U. S. Savings Bonds Pay More Interest

4.15% when held to maturity

*Higher interest on the
Bonds you already own, too!*

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive new rate. Ask about buying Bonds where you work or bank. For America's future. And yours

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Treasury Department and The Advertising Council.

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front lines of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."

**Why should you buy
 U.S. Savings Bonds when there are
 so many other good investments?**

To help your country is one answer—and a good one.

But Bonds have other advantages that make them worth your consideration.

For instance, they offer you just about the easiest way to save money: either with the Payroll Savings Plan where you just ask your employer to put part of your wages aside toward a Bond or through regular purchase of Bonds at your bank.

Another unique advantage of U. S. Savings Bonds is the way they stick with you. You can get your money any time.

But if you're like most people, you'll hang on to your Savings Bonds for the best things you want in your future.

And, of course, Bonds are a safe investment—as long as there's a United States of America.

Which brings us back to your country again. Bonds help defend freedom at a time when the enemies of freedom are stronger than ever.

Buy Savings Bonds. The banks or savings institutions that sell them don't charge you a penny for the service.

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
U.S. SAVINGS BONDS
